

A word cloud centered around the word "sequencing", which is the largest and most prominent. The words are arranged in a circular pattern around a large, light gray, stylized letter "S" that serves as a background. The words are in various colors (teal, green, maroon, orange, blue) and sizes, indicating their relative frequency or importance. The words include:

- taxonomic
- genome
- community
- analysis
- PhyloPythiaS
- essential
- gene
- barley
- bin
- sequencing
- pelotomaculum
- assignment
- shotgun
- benzene
- draft
- assembly
- taxator-tk
- method
- species
- performance
- program
- dataset
- result
- sample
- data
- taxon
- root
- microbiota
- binning
- bpl
- sulfate
- software
- sequence
- information
- reduction
- microbial
- metagenome
- metagenomics
- computational
